**5 REPORT OF KIAMA LOCAL TRANSPORT FORUM DELEGATED
FORMAL ITEMS**

6.1 Upgrade of signage restrictions on Jamberoo Mountain Road

[Discussion](#)

DB & SJL provided background on the existing signage arrangements.

BR advised that it would be beneficial for a sign audit to be completed and advised
Council to contact Transport for NSW (TfNSW) "Have your say" portal and request
this and a speed zone review of the relevant sections on Jamberoo Mountain Road.

DH added that the signage should also show that horse floats and other large towed trailers not be permitted in addition to caravans.

BR asked if Council is using any of the available fatal crash response funding for road improvements. DB confirmed that Council is investigating using available funding at the crash site at the bottom of Jamberoo Mountain Road that includes:

- upgrading all the guard rails
- relocating a driveway to a safer location to allow continuation of the guardrail
- upgrades to signage.

SJL advised that the local Police had suggested an automated vehicle weight restriction camera.

BR confirmed that a large amount of community consultation will be required for any future sign changes, particularly if additional restrictions are applied.

It was agreed that these concerns and requests will be distributed to teams within TfNSW, and come back with recommendations at our next meeting. In the interim if any members have ideas or actions, please email through to DB.

Council Determination

The Kiama Local Transport Forum to consider options and agreed to provide advice to the next meeting on the proposal for possible recommendations.

6.2 Request for extra train services for New Years Eve 2026

Council Determination

1. That Council acknowledge Transport for NSW's agreement to put an extra train service for people travelling from Kiama after the event, at 10.10pm
2. That Council will provide Transport for NSW with details of all event road closures and detours.
